

NOW HIRING
Die Cast Operator

Department Die Cast	Reports To Production Manager	Location Farley, Iowa
-------------------------------	---	---------------------------------

About Us

Lund Manufacturing is a growing, ISO 9001:2015 certified aluminum and zinc high-pressure die casting and CNC machining company serving OEM customers across North America. We're looking for motivated individuals ready to learn and grow in a team-driven manufacturing environment.

Responsibilities

- Operate die cast machines to produce quality product at or above standard production rates
- Inspect castings for quality issues and work with the quality department to maintain standards
- Adhere to all safety requirements
- Maintain a clean, organized, and safe work area
- Complete end-of-shift cleaning duties
- Assist in other areas and departments when a die cast machine is not available
- Record daily production and report problems to your lead or supervisor
- Assist in the training and direction of new operators

Qualifications

Required:

- High school diploma or equivalent (GED)
- Ability to lift 30 lbs.
- Ability to spend 8–10 hours on your feet

Preferred:

- Die casting or manufacturing knowledge and experience
- Willingness to offer ideas that improve production or quality
- Can-do attitude

What We Offer

- Competitive hourly wage based on experience (\$22-\$24/hour depending on shift)
- Benefits package
- Opportunity to grow with a company investing in its people and future
- A team-driven culture where your work matters

TO APPLY

Send your resume, apply online at www.lund-diecast.com/contact, or stop by in person.
