

# NOW HIRING

## Maintenance Technician

<b>Department</b> Maintenance	<b>Reports To</b> Production Manager	<b>Location</b> Farley, Iowa
----------------------------------	---	---------------------------------

### About Us

Lund Manufacturing is a growing, ISO 9001:2015 certified aluminum and zinc high-pressure die casting and CNC machining company serving OEM customers across North America. We are seeking an experienced Maintenance Technician with strong electrical and hydraulic experience to keep our manufacturing equipment running efficiently and safely.

### Responsibilities

- Troubleshoot and repair electrical, hydraulic, pneumatic, and mechanical system failures on production equipment
- Read and interpret electrical schematics, hydraulic diagrams, and technical manuals to diagnose issues
- Perform scheduled preventative maintenance on all production machinery and facility systems
- Maintain, troubleshoot, and repair hydraulic power units, cylinders, valves, and related components
- Diagnose and repair electrical systems including motors, drives, controls, and wiring
- Assist with PLC troubleshooting and basic programming as needed
- Support equipment setup, changeover, and installation of new machinery
- Maintain accurate maintenance logs, inspection checklists, and work order records
- Identify and repair fluid leaks across hydraulic and coolant systems
- Assist in managing spare parts inventory and recommend critical spares for stock

### Qualifications

#### Required:

- High school diploma or GED
- Minimum 2 years of industrial maintenance experience in a manufacturing environment
- Strong working knowledge of hydraulic systems, including troubleshooting and repair
- Solid electrical skills — ability to read schematics, test circuits, and work with motors, drives, and control systems
- Mechanical aptitude with experience in pneumatic systems, pumps, conveyors, and general machine repair
- Ability to apply electrical fundamentals including Ohm's law
- Good problem-solving skills with a high sense of urgency
- Ability to stand for extended periods, lift up to 50 lbs, and work in a production environment
- Must pass a drug screening

#### Preferred:

- Familiarity with PLCs and basic control logic
- Willingness to learn and be cross-trained on a variety of equipment
- Can-do attitude with strong communication skills

### What We Offer

- Competitive hourly wage based on experience (\$28–\$33/hour)
- Excellent health insurance with Health Savings Account option
- 10 paid holidays and Paid Time Off
- Dental and vision insurance
- Company-paid life insurance and short-term disability coverage
- 401(k) retirement plan with company match
- A team-driven culture where your work matters
